METER ACCURACY TEST - WORK ORDER REQUEST

Water Meter Test Request

CUSTOMER / SERVICE INFORMATION

Account Number _____

Name _____

Service Address _____

Daytime Phone Number _____

REQUEST & ACKNOWLEDGMENT

I request that Village of Fonda staff have my water meter tested for accuracy and confirm whether the meter is operating within the guidelines set forth by the American Water Works Association (AWWA).

I am requesting that my water meter be removed and sent to a testing laboratory for an accuracy test. A copy of the test results will be provided to me.

I understand that if the test shows the meter is within +/- 2% tolerance (98% - 102%), the meter is considered accurate and the outstanding account balance is due in full.

I understand that if the test results show that the meter is operating over 102%, my water bill will be adjusted accordingly.

An applicable meter-testing fee is required. Please refer to the current Village of Fonda Fee Schedule. I understand that the fee is refunded only if the meter is found to be operating over 102% of the AWWA standard.
