REQUEST AND CONSENT

This document serves as notice to the interested parties of the Village of Fonda that I/we wish to be served with water from the municipal water supply of the Village of Fonda. Accordingly, a water meter reading will be taken, if applicable, and a water bill will be issued for the amount of water used, the larger of either the minimum flat rate figured on a pro-rated basis or actual meter reading, billed at the next regular billing cycle, of which I/we agree to pay without penalty within 30 days of receipt of same. If no meter is installed, the minimum charge for the time of use per month will be applied. After 30 days, a 10% penalty will be applied as prescribed by the rules and regulations governing water usage that are currently in effect. Sewer charges, if any, will continue according to the sewer ordinance, even if no water is used. Upon failure to pay these charges within the current fiscal year, they will be levied to the Village property tax bill.
